

SILK

Fastest and compact with an innovative and refined design.

SILK, the fastest and the compact ANDROID PC POS with an innovative and refined design, that offers Retail and Ho.Re.Ca. sectors high performances without compromising the design. The result is the immediate improvement in every step of sales and purchases through a huge 13.3" or 15.6" display, an handy customer display, and a refined base that meets the most complex needs of the modern and essential design. SILK was developed with the aim of supporting in the best way the new PosA software, by creating the chance of having an interface for the sales data analysis for a better management of the performances. An innovative technology that reduces the amount of the space needed and in the mean time improves the efficiency of the cash point, by optimizing the timing related to work and sales, and therefore of the shopping experience too.
