

VKP558

Extremely compact and versatile ticket printer

VKP558 is an extremely **compact and versatile ticket printer**, for **easy installation** and panel mounting. The device is equipped with black plastic bezel, a highly reliable total/partial cutter and easily inspectable paper path. VKP558 has the same panel fixing points of TG02H and the same interfaces and emulations. The product comes with a practical drop-in cradle for paper roll and features the new **Centurion Security Suite**, a software dedicated to the gaming market to authenticate winning tickets and discard the fake ones.

CARACTERÍSTICAS

1. Design for more **secure ticket delivery**
 2. **Easy paper load** cradle with no loose spindle
 3. **RGB LED** and integrated cutter
 4. **Centurion Security Suite** for authentication of tickets
 5. **Easy inspectable** paper path
