

PosA

PosA

PosA is an Android App for the latest generation cash desk allows the issuing of fiscal receipts and/or invoices, and makes the management of all the daily activities of Retail and Hospitality channels easier.

With customizable screens and a wide range of functions, it speeds and improves the operator's efficiency, since it allows you to better manage departments, items and inventory, but also operators and customers. In particular for hospitality channel, it is ideal because it allows, among many features, to manage reservations, tables and waiters, and to work with the printers of the several production centers and with 5 price lists.
