TREK Monitor 15.6"

15.6" Touchscreen Monitor

With its sleek and minimalistic design, the **TREK 15.6" Monitor** fits wherever touchscreen functionality is required. **POS, Self-Service, KDS, Price Checker**, and more, TREK Monitor offers flexibility to install as either an operator touchscreen or an interactive customer facing display. Deploy countertop on the included stand or leverage the 75mm VESA pattern for pole and wall mounting. Purpose built for commercial environments, TREK Monitor features single USB-C cable convenience and rugged IP54 protection. And, as with all TREK products, you can easily add accessories to transform TREK Monitor for any use case.

??????????????

1. Simplicity
TREK Monitor simplifies connectivity via a single USB-C cable which provides touch, video signal and power. Alternatively, HDMI, USB-A and power connectors are also available to support legacy connections to POS systems, PCs and compute boxes.

2. Versatility
TREK Monitor supports all TREK micro USB accessories allowing for endless configurations to support a variety of use cases.

3. Flexibility
Whether placed on the counter via the included stand or mounted onto any 75 x 75 mm VESA pole or bracket, the TREK monitor can be positioned wherever needed to best serve the customer.

4. Durability
Retail-hardened and backed by Custom's warranty support, TREK Monitor is built to withstand the rigors of any environment.
